T3 sooryakanthi apartment, Remba nagar  
Hubli.

Constructing by T3 urban developer  
mubai-02. being neighbour I go for  
observation everyday morning. Building  
materials used for construction seem  
to be standard quality however  
Mr. praveen kumar, incharge of construction  
visits and stays at site and  
supervised.

I personally expect T3 urban  
developer ltd should specify the  
long life of the whole building which  
ensure us to stay peacefully.

I thank for asking my opinion

Dr. R. J. mayannavar
